THINNER/
STRONGER/
GREENER

Introducing...

THE GREEN SACK™

from bpi.recycled products

EVERY YEAR BPI RECYCLES
OVER **70,000 TONNES**
OF USED PLASTICS INTO
A WIDE RANGE OF
PRODUCTS INCLUDING
THE GREEN SACK - THE
THINNER, STRONGER,
GREENER **REFUSE SACK**
THAT'S GOOD FOR YOUR
CUSTOMERS, GOOD
FOR YOU AND MINIMISES
OUR IMPACT ON THE
ENVIRONMENT...

... EACH GREEN SACK HAS
A **CARBON FOOTPRINT**
35% LOWER THAN MOST
OTHER REFUSE SACKS ON
THE MARKET.

Bpi recycled products are Europe's largest recycler of used plastic and polythene products and the industry leader in the field of polyethylene recycling. Our UK plants are DEFRA accredited and have been awarded both ISO9001 QMS standard and ISO14001 environment management system standard.

THE GREEN EQUATION

How using The Green Sack adds up to a greener world for you and your customers...

BPI'S COLLECTION OF BALE WRAP, CROP COVER AND USED POLYTHENE PRODUCTS, FROM FARMS AND OTHER INDUSTRIES IN THE UK & IRELAND.

BPI'S INNOVATIVE PROCESSES INSTALLED AT OUR PLANTS IN WALES AND SCOTLAND TO WASH AND RECYCLE MATERIAL.

**THE
GREEN
SACK™**
from bpi.recycled products

A THINNER/STRONGER/GREENER product that...

- REDUCES GREENHOUSE GAS EMISSIONS.
- REDUCES PRESSURE ON LANDFILL.
- REDUCES PRODUCT MILES.
- REDUCES PRESSURE ON EXISTING OIL STOCKS.
- REDUCES NEED TO EXPLOIT NEW OIL RESERVES IN ENVIRONMENTALLY SENSITIVE AREAS.

GIVE YOUR
CUSTOMERS
A BETTER
PRODUCT
AND A
GREENER
FUTURE
WITH **THE
GREEN SACK**
FROM BPI.

**THE
GREEN
SACK™**
from [bpi.recycled products](http://bpi.recycledproducts.com)

THINNER

The Green Sack from BPI is 100% recycled using UK & Irish waste farm films, to create a refuse sack that is thinner & stronger.

STRONGER

Linear farm film technology - The Green Sack uses recycled farm films; crop cover and bale wrap which gives exceptional strength, tear and puncture resistance.

GREENER

Every tonne of polythene we recycle into The Green Sack prevents the release of 1.4 tonnes of CO2 into the atmosphere and cuts sulphur dioxide and nitrous oxide emissions by at least one third.

Every tonne of polythene we recycle into The Green Sack reduces water usage by 90% and saves 1.8 tonnes of crude oil.

Our UK reprocessing sites reduce the unnecessary export of plastics to overseas plants and the need to re-import product. The Green Sack therefore saves tens of thousands of 'product miles'.
